EDUCATION

Carnegie Mellon University, School of Computer Science

Expected Aug 2026

Masters of Human Computer Interaction, GPA: 4.0/4.0

Pittsburgh, PA

Awards: CMU Rales Fellow

University of Maryland, Baltimore County, College of Engineering and Information Technology

May 2025

B.S. Information Systems, GPA: 3.82/4.0

Baltimore, MD

Awards: Grit and Greatness Scholar, Make Your Mark on Leadership Scholar

TECHNICAL SKILLS

Languages: Java, JavaScript, CSS, Python, HTML, SQL, TypeScript

Design Software: Figma, Adobe XD, Adobe Illustrator, Adobe Photoshop, ProtoPie, Miro, Tableau, Fusion360, AutoCAD

Prototyping: Fabrication, Garment Construction, Laser Cutting, Woodworking, 3D Printing

EXPERIENCE

Service Owner Intern

May 2025 – August 2025

Trane Technologies

Towson, MD

- Reviewed 50+ open accounts and developed targeted outreach plans to promote service agreements, proactively contacting customers and escalating high-priority accounts to managers, resulting in a 15% increase in up-sell opportunities
- Served as the primary customer point-of-contact for a portfolio of 15+ clients, strengthening solution-based relationships

Risk & Financial Advisory: Information Technology Intern

June 2024 – August 2024

Deloitte & Touche LLP

McLean, VA

- Executed user access reviews across 40+ internal applications to identify and mitigate potential security risks
- Prepared and delivered comprehensive Excel reports detailing assessment results; designed a cross-platform system to audit user access across multiple software platforms for clients, identifying 10+ instances of unauthorized access

AI/ML & Data Science Intern

June 2023 – August 2023

J.P. Morgan Chase & Co.

Columbus, OH

- Designed and presented tailored business proposals for Minority Depository Institutions, outlining AI-driven automation strategies to increase efficiency; implemented Python-based AI models to automate routine banking tasks, enabling a low-cost, 24/7 customer support solution that reduced manual effort, minimized operational errors, and strengthened revenue drivers
- Analyzed large internal data sets to identify key patterns and generate insights for strategic decision-making, with projected improvements in customer satisfaction exceeding 30%

PRODUCT & STARTUP EXPERIENCE

Lead Product Designer

January 2025 – Present

Workbench HR

Pittsburgh, PA

- Lead end-to-end product design for an AI-enabled HR platform at an early-stage startup, translating complex HR workflows into intuitive systems and defining MVP feature scope for small businesses

Lead Product Designer

January 2025 – Present

Thursday Thrift

Pittsburgh, PA

- Lead UI/UX and product design for a B2B fashion resale startup, defining end-to-end experiences for mobile, tablet, and web products supporting inventory intake, valuation, and seller analytics

RESEARCH PROJECTS

User-Centered Design of a Passive, Multi-Functional Knee Exoskeleton

August 2025 – Present

- Led the transition from low-fidelity prototypes to a fully laser-cut exoskeleton frame, integrating 3-D-printed stabilizing components and iterating on mechanical function using Fusion 360 and laser-cutting workflows
- Developed advanced skills in Adobe Illustrator for precision laser-cutting layouts, Figma/Fusion 360 for 3-D modeling and print-ready structures, and hands-on fabrication for building functional mechanical systems (load-triggered mechanisms and conformal wearable structures)

Data-Driven Evaluation of Paramedic Training Performance

August 2023 – May 2025

- Observed and analyzed simulation videos to document behavioral changes and interaction dynamics across participants
- Applied detailed observational techniques to capture nuanced verbal and non-verbal communication, identifying patterns, trends, and variations in behavior across simulation sessions

LEADERSHIP & ACTIVITIES

President | UMBC Residential Student Association

August 2024 – May 2025

- Led the UMBC Residential Student Association by setting strategic agendas, presiding over all executive and general body meetings, delegating responsibilities, and representing the university at regional and national conferences
- Directed the planning and execution of a 300+ attendee regional conference, managing budgeting, event creation, cross-campus partnerships while promoting collaboration with campus offices and external organizations
